SNOWMOBILE TRAILS

Of the Bear Spring Ranger District and surrounding area

Mt. Hood Snowmobile Club

A13.28:

Mt. Hood National Forest
Pacific Northwest Region

WINTER RECREATIONALISTS CODE OF ETHICS

I will plan my outing according to my ability, endurance, equipment, traffic on the trails and current weather reports. I will tell someone where I am going and when I expect to return.
I will learn to recognize winter trail signs and use maps. I will respect and obey trail designations, closed areas and private property.
I will respect the surrounding resources. I will not damage trees, shubs or other natural features. I will view big game animals from a distance and not chase any wildlife.
I will keep to the right when meeting another winter recreationalist. I will yield the right-of-way to traffic moving downhill.
I will slowdown and use caution when approaching or overtakeing another.
When stopping I will not block the trail.
I will park considerately, taking no more space than needed, without blocking other vehicles and without impeding access to trails. I will carpool where possible to conserve parking spaces.
I will pack my litter home.
I will leave my pets at home.
I respect the rights of all winter recreationalists. I recognize that people judge all winter recreationalists by individual actions. I will give assistance to those in distress.

ADDITIONAL SAFETY TIPS

* Register and license your snowmobile (this money helps pay for grooming).
* Drive with your headlights on.
* Do not ride on plowed highways or roadways.
* Carry the snowmobiler's essential on your trips and know winter survival skills.
* Travel in a group. If one or two people must go for help, mark the trail for the return trip.
* If lost, don't panic. Stay put in a safe location (*hug a tree*) and wait for rescue. Gather firewood, build a shelter and maintain body temperature.
* Always check weather reports and plan accordingly.
* Know how to identify and avoid avalanche hazards. Know what to do if a member of your party is caught in an avalanche. Daily avalanche hazard forcasts can be obtained by calling the Avalanche Hotline at (503) 326-2400.

SNOWMOBILERS ESSENTIALS TO CARRY

Spare spark plug	Knife
Spare drive belt	Waterproof matches
Fuel	Compass
Extra food	First aid kit
Extra clothing	Tow rope
Flares	Tool kit
Map	Flashlight

WHAT ELSE IS HELPFUL TO KNOW

Grooming of the snowmobile trails is done by volunteers from the Mt Hood Snowmobile Club. The actual trails groomed depend on snow conditions, winter logging activity, weather and extent of trail use.

Several trails are shared with other recreationalists. Sled dogs are often out on the groomed trails, particularly in the Frog Lake area. Nordic skiing is very heavy out of the Snow Bunny Sno-park area. Where ski tracks have been set please ride to the side of them.

SNO-PARK PERMITS

A sno-park permit is required when parking vehicles any of the sno-parks noted on this map. Daily or seasonal permits can be purchased at most of the stores on Mt. Hood, the Mt Hood Information Center and sporting good stores throughtout Oregon. Regulations are enforced by state law enforcement agencies.

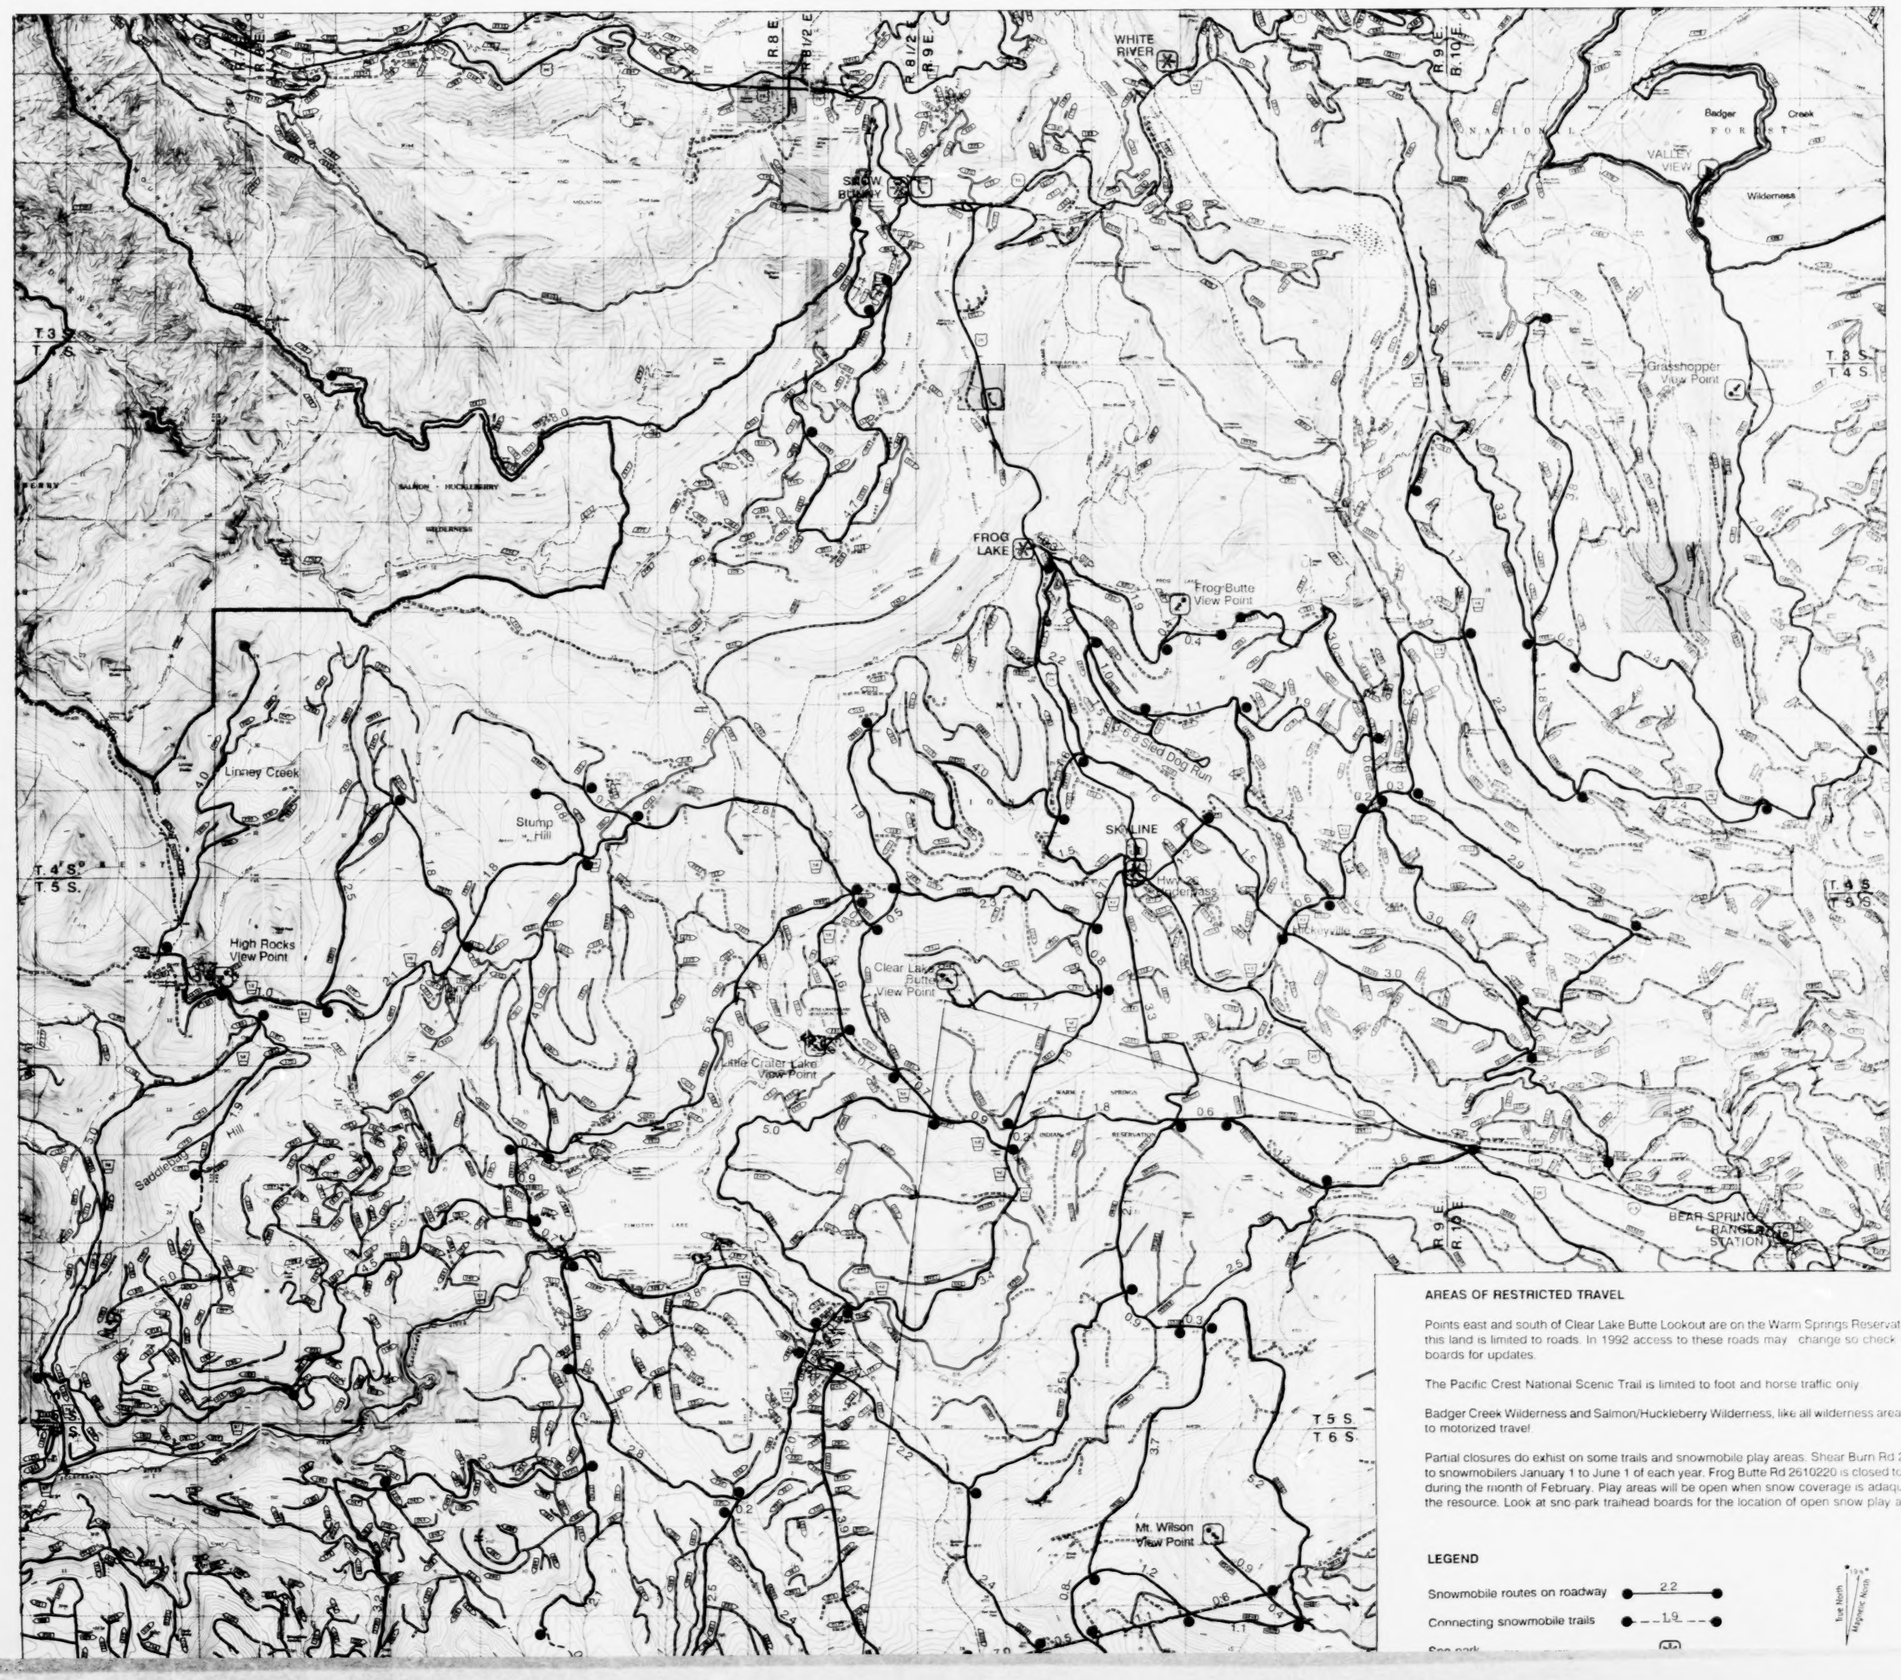
TREAD LIGHTLY



AREAS OF RESTRICTED TRAVEL

Points east and south of Clear Lake Butte Lookout are on the Warm Springs Reservation. Access to this land is limited to roads. In 1992 access to these roads may change so check local trailhead boards for updates.

The Pacific Crest National Scenic Trail is limited to foot and horse traffic only.

Badger Creek Wilderness and Salmon/Huckleberry Wilderness, like all wilderness areas, are off limits to motorized travel.

Partial closures do exhist on some trails and snowmobile play areas. Shear Burn Rd 2613 is closed to snowmobilers January 1 to June 1 of each year. Frog Butte Rd 2610220 is closed to snowmobiles during the month of February. Play areas will be open when snow coverage is adaquate to protect the resource. Look at sno-park trailhead boards for the location of open snow play areas.
